

Geo-Tek Ground Staples

Geo-Tek Ground Staples are used for securing weed mat, jute and coir matting, soil saver, geotextiles and turf. They are made from galvanised steel for superior durability and rust protection. They are U-shaped and come in a variety of lengths to suit different applications i.e. the steeper the slope or the softer the soil the longer the length of pin that should be used. They have sharpened ends for ease of penetration.
